<b>Concepts:</b>	REST APIs, Responsive Design, Basic SEO
<b>Other Skills:</b>	Team Collaboration, Problem Solving, Project Management

## EXPERIENCE

---

### Freelance UI/UX Designer

2025 – Present

Independent

- Delivered end-to-end UI/UX for **10+ clients** across web and mobile, managing full design workflow from requirement gathering to final handoff
- Designed **50+ screens per project**, covering user flows, wireframes, high-fidelity UI, and interactive prototypes
- Shipped **8+ complete design projects** across startup, mobile app, and web product domains

### UI/UX Intern

Feb 2026 – Present

Krutanic

*Banglore, India*

- Designed and delivered **2 full-fledged UI projects end-to-end**, comprising **50+ total screens** using Figma, Photoshop, and Illustrator
- Built complete design systems, responsive layouts, and high-fidelity UI covering all user flows and interface states

### Design Lead

Dec 2024 – Apr 2025

CodeForge Hackathon 2025

*Gurgaon, India*

- Led complete design strategy for a **national-level hackathon hosted at Microsoft Office**, attracting **2000+ registrations**
- Achieved **1000+ registrations within 12 hours** of launch — a first for any hackathon organized by our team
- Delivered full brand identity, **10+ promotional assets**, social media graphics, brochures, and event visuals

### Frontend Development Intern

2025

Ooruni Foundation

*Chennai, Tamil Nadu, India*

- Built **10+ responsive web pages** for an NGO's official website using HTML, CSS, and JavaScript
- Improved online accessibility and digital presence for a community-serving organization

## Full Stack Development Intern

Euonus IT Pvt. Ltd

Jun 15, 2025 – Jul 30, 2025

*Jaipur, Rajasthan, India*

- Contributed to full stack development of **startup-oriented web products**, working across both frontend and backend layers
- Built and integrated **REST APIs using Node.js and Express.js**, connecting frontend interfaces to backend services and MongoDB databases
- Gained hands-on experience with the **complete MERN-adjacent stack** in a real client-facing product environment

## PROJECTS

---

### Ooruni Foundation Website

- Ooruni Foundation is an NGO working on community development but had limited online presence.
- Built **10+ responsive web pages** for an NGO's official website using HTML, CSS, and JavaScript
- Improved digital accessibility and online presence for a community development organization serving **1000+ beneficiaries**

### Everysip – Offline Advertising Platform

- Addressed the problem of **expensive and low-engagement advertising** for small businesses.
- Built a website to clearly present the concept of advertising through **branded paper cups**.
- Learned how to present a startup idea effectively and connect real-world problems with digital solutions.

### Medicycle

- Designed a platform addressing **unsafe disposal of unused and expired medicines** — a critical environmental and public health issue
- Built a location-based system helping users find **nearby medicine collection points**, promoting responsible disposal practices

### Budget Buddy – Finance Tracking App (UI/UX)

- Designed a **mobile finance tracking app with 50+ screens** covering expense tracking, budget management, and financial insights
- Created complete user flows, wireframes, and **data-rich dashboards** simplifying personal finance for non-technical users

### Review & Ratings Platform (UI/UX)

- Designed a **structured book review platform** solving the problem of scattered and untrustworthy feedback in online reading communities
- Built an intuitive rating system with **clear content hierarchy**, enabling users to explore, rate, and review books efficiently

### WalaWork – Service Marketplace Platform (UI/UX)

- Addressed the problem of finding **reliable workers for daily tasks** like plumbing, electrician work, or car washing.
- Designed a platform where users can easily find and book nearby service providers at their doorstep.
- Delivered **50+ UI screens** focused on simple booking flows, service categories, and user-friendly navigation for quick access.
